

# PATTERSON

PLASTICS & MANUFACTURING

*plastics and wire products for the concrete construction industry*

## Panel Pads

Panel Pads serve as protective cushions that protect finished precast concrete products during storage and shipping. Standard Panel Pads are manufactured with small holes to nail the panel pads to wooden blocks. Panel Pads are reusable and will not rust or stain concrete.

Part #	Qty/ Count	Weight per Box
PAPP	350	37 lbs.
PAPPR (round)	900	34 lbs.
